WHIRLWIND FILMING

Dear Resident,

I recently wrote to you all regarding our filming at Abingdon Airfield and wanted to send you another letter to provide more information regarding the specific dates of our filming in June. I am writing to inform you that SDTA Productions Ltd are currently planning to be filming on the following dates at Abingdon Airfield:

JUNE 2021						
MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
	1	2	3	4	5	6
		FILMING	FILMING			
7	8	9	10	11	12	13
FILMING	FILMING	FILMING	FILMING	FILMING		
14	15	16	17	18	19	20
FILMING	FILMING					

I hope you can appreciate that filming is a creative process with an ever changing schedule so there may be some filming outside of these dates if the schedule needed to change due to weather or any other reason. I hope this gives you an idea of our best intentions to film at this time.

The filming will take place in several different areas within the airfield and on these days there will be generally more activity in terms of numbers of crew, vehicle movements and filming. Furthermore, some of our filming does have some elements of Special Effects i.e. smoke, fire effects, rain, wind. Please rest assured these are all safely conducted by qualified personnel and we do have teams of medics and fire cover with us when required. I understand many residents do walk their dogs on the airfield and it would be very much appreciated if you could avoid doing so on our shoot days for the reasons outlined above. Outside of filming, we will maintain access as much as possible outside of the dressed set areas.

As mentioned previously, we have been, and will continually be reaching out to the community with engagement letters and talking directly to many of the residents and businesses in the surrounding area to implement plans to minimize our presence as much as possible during the filming. I would like to thank you in advance for your support. Filming of this nature cannot take place without the good will of the residents and local businesses. If you have any queries, either in advance or on the day please do not hesitate to contact me directly.

Kind Regards,

David Powell
